

Utlendingsdirektoratet
Norwegian Directorate
of Immigration

Request for access to information in the Visa Information System (VIS)

Send the form to the Norwegian Directorate of Immigration. You can also send it directly to the authority that made the decision to register the information.

You must sign the request for access and enclose a copy of a valid ID document. If you deliver the form in person you should present a valid proof of identity. Normally this would be a valid passport (not emergency passport).

If the person listed in the database is younger than 18 years of age, the request for access must be signed by a parent or legal guardian.

The following information may be recorded in VIS

- Personal information derived from the Schengen visa application form
- A photograph of the applicant
- 10 digital fingerprints
 - Fingerprints are not required from children under the age of 12 or from people who physically cannot provide finger scans. Frequent travelers to the Schengen Area do not have to submit new fingerprints every time they apply for a new visa. Once fingerprints are stored in VIS, they can be re-used for further visa applications over a 5-year period.
- Information indicating an application has been lodged, where it has been lodged, and if it has been lodged to a Norwegian Foreign Mission representing another Member State.
- Information indicating whether an application is pending, if it has been approved, rejected, discontinued, revoked or annulled.
- Name of the authority making the decision, date and location of the decision.
- If an application has been approved; information recorded on the Visa Sticker.
- If an application has been rejected, revoked or annulled; the reason for the decision in accordance with the Standard Form in Annex VI of Regulation (EC) 810/ 2009 (Visa Code).

For detailed information about all information that may be recorded in VIS, please see Regulation (EC) 767/ 2008 (VIS Regulation) Article 9 to 14.

Your personal details

First name		Family name	
Address		Postal code	
City/town		Country
